HSPLUS CAPABILITIES STATEMENT

Personal. Proactive. Progressive.

Be confident in the choices you make for your business and personal financial future.

Your money matters and at HSPlus, we take all of the guesswork out of making the most of it with a team of highly experienced accountants and business advisors.

Who we are

Founded by Managing Director John Stubbings in 1994, and now with the support of Directors Sam Hall and Vibol Peou, HSPlus Accountants & Advisory has developed into a staple of the Brisbane business community from its offices in Red Hill, Brisbane.

From the beginning, our pragmatic approach to working in partnership with our clients and identifying new opportunities for their businesses and personal wealth growth are the reason our clients keep coming back through our doors.

Building genuine connections and witnessing the growth of the businesses we work with will always be the prime measure of success and is a testament to the exceptional work of our HSPlus team.

Our mission is to be the trusted expert advisors that clients lean on to thrive and achieve financial freedom relative to their personal or business circumstances.

Our Services

Make better use of your time when you engage with HSPlus. An end-to-end service engagement is where we shine and can contribute significant value to our clients. However, if there is one part of the bigger picture that needs to be refined, we can take care of that too.

Optimise the financial side of your professional and personal business and make the move toward a comprehensive approach with HSPlus.

Business Advisory

From establishing new business structures to maintaining client's business requirements and preparing succession planning for retiring business owners, we know the process end-to-end.

With an extensive range of businesses and industries in our portfolio, you can rest assured HSPlus has the knowledge that leads to sustainable and cost-effective solutions. Our business advisory services exist to help light the path and encourage informed decision-making that leads to great outcomes for your business.

- + Strategy and business planning
- + Business growth and development
- + Profit improvement strategies
- + Succession planning
- + Business set-up and structuring.

Self-managed Superannuation

HSPlus has you covered when it comes to the setup and ongoing management of your self-managed superannuation fund. When it comes to every detail of your Super, our goal is to keep it as clear-cut as possible and give you all the information you need to stay up to speed.

Your Superannuation is a critical part of the bigger picture and it can become difficult to stay on top of strategies, compliance, and administrative details that keep it on track.

Our team take the stress out of tax-time and make lodgements with the ATO seamless and straightforward, giving you the time to manage your professional and personal business.

- + SMSF establishment
- + Preparation of financial statements and tax returns
- + Advice concerning Compliance Matters
- + Advice concerning Taxation Benefits
- + Advice on Employer obligations

Tax Compliance and Accounting

Renowned for our genuine and hands-on approach, we can help you with your compliance with tax, and other financial regulations. To make things even more seamless, our capabilities range from completing income tax returns for entities, businesses as well as individuals associated with the businesses.

We work within the complexities of legislation and accounting standards to determine the best options for our clients to ensure you meet deadlines and reduce the risk of non-compliance. It can be overwhelming working with multiple stakeholders to manage various parts of your personal and professional finances.

The uniqueness of our team offers peace of mind knowing you will only need to respond to one email to handle financials across every aspect of your life rather than multiple.

- + Preparation of management and statutory accounts
- + Preparation and lodgement of tax returns
- + Tax planning
- + Specialist tax advice
- + Business activity statements
- + QBCC Annual Reporting and Minimum Financial Reporting lodgements
- + Other statutory reporting requirements e.g., payroll tax and superannuation obligations
- + Bookkeeping
- + ASIC Compliance and Company Secretarial

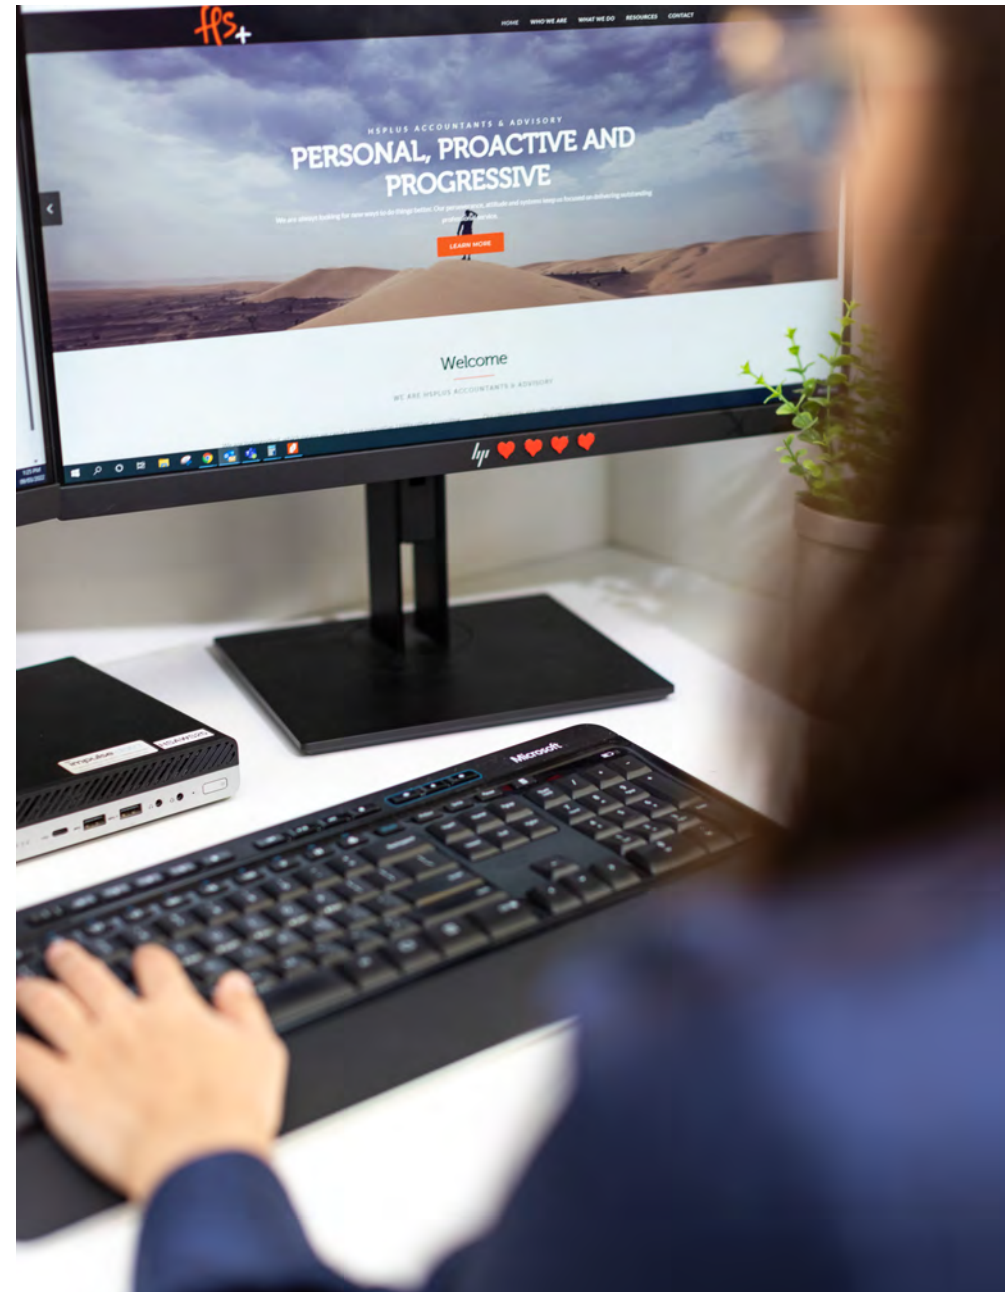

Virtual CFO

An extension of your senior leadership team, our virtual CFO program provides your business with a fractional financial controller that can comfortably lead finance operations. We know the ins and outs of business financial situations thanks to extensive exposure to hundreds of diverse companies, allowing us to artfully apply those learnings and technical insights to our clients.

With Virtual CFO engagement, we can:

- + Prepare monthly management reports and bespoke dashboards
- + Review bank covenants and finance requirements
- + Participate in board meetings and liaise with corporate stakeholders
- + Interpret financial results
- + Provide financial forecasting concerning company strategy

Wealth Creation

If achieving life's milestones comfortably and without financial stress is becoming increasingly valuable to you, we can get you there. At HSPlus, we find joy in identifying opportunities for financial freedom and search for prospects that have the potential to make our clients' lives easier.

With quarterly communication to keep you well-informed every step of the way, we apply uncommonly good sense to each client account by utilising tools such as budgeting, activity plans, tax planning, restructuring, and succession plans. Alongside this, we work closely with our client's financial planning representative to optimize outcomes.

- + Creating an easily saleable business by improving profit and cash flow
- + Making you financially independent
- + Protecting your family's income streams and assets
- + Planning for and manage business succession and estate matters
- + Lodging annual accounting, tax and compliance matters

Asset Protection

Protecting your personal and business assets is a key objective on the road to your success. Reaching success is one thing, but with optimised planning and strategy, you can make sure the journey stays on track without hiccups. Lack of planning and inappropriate entity structures can leave you and your family unnecessarily exposed.

HSPlus ensure your asset ownership structure is optimal and that you have appropriate insurance in place which is central to effective asset protection. We understand the importance of making sure your assets end up where you intend upon your death and work proactively with lawyers to minimize risk to ensure your estate planning matters are dealt with.

- + Keep your assets disaster-proof
- + Understand potential threats and risks and how to mitigate them
- + Ensuring your asset ownership structure is optimal
- + Assisting with appropriate asset protection insurance

HSPlus⁺ provides an unparalleled level of tax accounting and business advisory services for clients who value time, communication, and, freedom.

Our sole purpose is to help you realise your potential and be your trusted partner when it comes to the business and financial processes and decisions in the business.

Reach out to our team today and experience the comprehensive HSPlus approach that will elevate your business and your life.
